PATIENT SAFETY IN THE NHS

How putting NHS staff first is making hospitals better

Yoga, pilates and Dragons' Den-style contests are among a host of innovations that are turning around failing trusts

Staff at Kingston hospital in south London get access to physiotherapy and exercise classes to improve wellbeing. Photograph: Alicia Canter/The Guardian

PATIENT SAFETY IN THE NHS

Diabetes specialists have developed a tool to improve care and safety for housebound patients

The tool – known as C.R.A.S.H. – helps community nurses at Solent NHS Trust to identify issues and concerns quickly, resulting in prompter and safer treatment

PATIENT SAFETY IN THE NHS

SHROPSHIRE STAR – October 1 2019

Introduction of standardised patient information boards will improve safety and communication at the Princess Royal Hospital and Royal Shrewsbury Hospital by providing clear and easy patient information at a glance.
